

The budget squeeze is on.

But you can help to save your job...

The ODJFS Assembly needs your help!

You know your work and the customers you serve better than anyone. Now that ODJFS is in the midst of a budget crisis and jobs are on the line, your help is desperately needed!

The ODJFS Assembly is requesting your input on ways to cut costs. Your money-saving contributions – even the simplest of ideas – could help reduce or eliminate the chance of layoffs in ODJFS.

Send your cost-saving ideas IMMEDIATELY to **odjfstaskforce@ocsea.org**.

Here are some things to consider as you begin brainstorming:

How could ODJFS...

- ✂ Consolidate administrative functions, and better align management-to-bargaining unit ratios?
- ✂ Eliminate redundancy and duplication of services?
- ✂ Streamline operations through technological enhancements?
- ✂ Contain costs through better collection of monies owed?
- ✂ Examine contracted-out work that could be brought in-house?

...just to name a few.
