OCSEA Members

in **ONE
STOPS**

The U.S. Department of Labor has proposed rule changes that would allow the privatization of state employment services at One-Stops. This could affect nearly 250 OCSEA members who work in Ohio's One-Stops.

Currently, "Wagner-Peyser" funding, which pays for these services, requires that they be provided by civil service employees. This new rule change could reverse this requirement.

The public – including OCSEA members – have until **Feb. 20** to voice opposition to the U.S. Department of Labor on these proposed rule changes.

Go to OCSEA's website at www.ocsea.org/jfs to see how you can take action...to make sure OCSEA members have a continued role in providing employment services.
