JULY 27, 2007

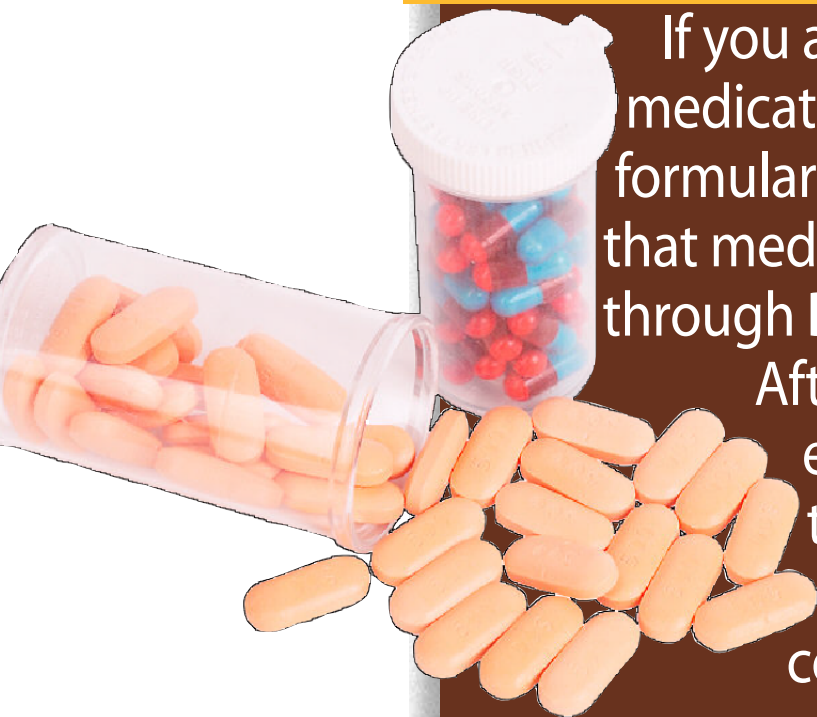

New Pharmacy Benefits Manager began July 1

By now you should have received the CatalystRx "welcome kit" containing new member ID card(s), and a drug formulary list along with registration and order forms.

AS A CAUTION...

If you are currently taking a brand of medication that is *not* on the CatalystRx formulary list, you can continue taking that medication at the current co-pay through **Dec. 31, 2007**.

After that, you will be required to either switch brands (in consultation with your physician) or pay the higher, non-formulary brand co-pay.

QUESTIONS?

Call CatalystRx at **866-854-8850**.

Members can register online at
www.catalystrx.com

For information on the prescription
changeover, go to **www.ocsea.org/healthcare**
