

Ask your legislators to override Taft's veto of the MR/DD Protection Bill.

Governor Taft vetoed an historic bill that would provide the same protections for Developmental Center residents as other residents who live in the community. Senate Bill 4 would also establish a closure commission to look into the costs and health and safety risks of closing any of the 12 Developmental Centers. Legislators in your area voted in favor of this important legislation. Write or call them to thank them for their support and tell them to **STAND STRONG** by **OVERRIDING TAFT'S VETO OF SENATE BILL 4**.
