An anti-civil service bill that would return us to the dark days of political favoritism and cronyism is currently being heard in the House Local Government Committee.

**House Bill 187, would do the following:**

- Allows random furloughs of employees up to 70 days per year – not based on seniority
- Allows full-time employees to be reduced to part-time status for up to 70 days per year
- Reduces bumping rights
- Allows management to reduce or eliminate longevity as a form of discipline
