OCTOBER 12, 2005

There are four very important issues to vote for Nov. 8...

ISSUE 2

Allows all voters to avoid long lines by casting ballots by mail or in person at their boards of elections.

ISSUE 3

Helps stop the influence of big money in elections by greatly reducing campaign contributions.

ISSUE 4

Ends the conflict of interest that occurs when politicians draw the boundaries of the districts in which they run.

ISSUE 5

Gives responsibility for running state elections to an independent, bi-partisan board.

...so important they could have a bearing on your future job security. It's worth your time to vote for Issues 2, 3, 4 and 5.
