December 12, 2002

Did you know it's expected the state will ask you to pay 20% of your health care premium?

That's right. DOUBLE of what you're paying now.

Get ready... Health Care Action Day is coming!

Let's take a stand by wearing your

sticker to work on

Health Care **ACTION** Day

Tuesday, January 14, 2003

"Willing to Fight for Health Care" stickers will be sent later in December to Union Power Chairs or Chapter Presidents who will get them to you.

Chapters... are encouraged to organize events at their worksite on Health Care Action Day to show the state we are willing to fight to keep our health care premiums as they have been.
