

OCSEA's choice for
OPERS Board of Trustees:

Eddie L. PARKS

A Strong Voice for State Employees • A Strong Voice for Labor

Eddie L. Parks pledges to fight for our pensions while maintaining fiscal responsibility for OPERS.

Now, more than ever, with stock market woes and pensions coming under attack, public employees need solid representation to protect their retirement funds into the future.

“With public employee pensions under fire in Ohio and around the country, it is imperative that labor maintains a strong voice to ensure that our pensions remain a benefit for current and future retirees. That’s why I’m voting for Eddie Parks who will continue working to guarantee our benefits.”

Kathy Stewart
Secretary-Treasurer OCSEA
Department of Administrative Services

“I have been proud to serve on the OPERS Board for the last 3 years and to ensure state workers have someone truly representing their interests. With these new attacks on our retirement security, it is vital that we do what it takes to protect our pensions and health care for retirees. State employees deserve no less.”

~ Eddie L. Parks

Eddie L. Parks brings the following experience:

- Experienced OPERS leadership since 2008
- Bachelor’s and Master’s of Arts degrees from The Ohio State University
