

**Are you registered
to vote?**

Remember...

VOTING IS *free.*
NOT VOTING
COULD
COST YOU ...

...your health care.
...your overtime pay.
...collective bargaining.
...even your job.

Know the candidates.

Know where they stand.

And then – **VOTE.**

Also...**consider early voting**, so neither rain nor a bad cold will keep you from casting your vote...

Early voting begins Sept. 30. For more information, go to www.ocsea.org/labor2008.
