

David Robinson

for Ohio House of Representatives, D-21

Supports public employees

VOTE FOR candidates that stand WITH YOU on these important issues!

Job Security

Supports public employees and the value they bring to state services. Rejects proposals to privatize agencies like the Dept. of Development or Ohio's prisons.

Offshoring

Believes that Ohio must keep quality jobs in the state rather than "off shore" them, and would not support the outsourcing of state government jobs like yours.

Your Pension

Supports a sustainable public pension for Ohio's public sector employees.

Hatch Act

Feels public employees should be allowed to engage in voluntary partisan political activity on their own time and does not agree with the restrictions enacted by Ohio's "Little Hatch Act."

Collective bargaining

Supports the Ohio public collective bargaining law and would not support legislation that might weaken or erode employee rights.
